

2.5. В сборнике 13 «Оборудование атомных электрических станций»:

а) в разделе I «Общие положения» пункт 1.13 изложить в следующей редакции:

«1.13. Федеральные единичные расценки разработаны в базисном уровне цен по состоянию на 1 января 2000 года.

В ФЕРм сборника 13 учтены вспомогательные ненормируемые материальные ресурсы для производства монтажных работ в размере 2% от оплаты труда рабочих, учтенных расценками.

ФЕРм сборника 13 «Оборудование атомных электрических станций» предназначены для определения затрат на монтаж тепломеханического оборудования атомных электрических станций.

Затраты на электроэнергию, потребляемую ручным инструментом, следует учитывать дополнительно в размере 0,6 % от оплаты труда рабочих по расценкам, указанным в приложении 13.5.

б) раздел IV «Приложения» дополнить приложением 13.5 следующего содержания:

Приложение 13.5

**Расценки, в которых следует учитывать дополнительно электроэнергию**
